To whom it may concern

Dear Sirs,

Tyco Electronics AMP Netconnect is pleased to introduce to you International Technology Services Ltd. (ITS) as a preferred AMP Netconnect Value Added Distributor for AMP Netconnect Structured Cabling product line for the country of Libya. ITS has a direct contact with AMP Netconnect and as a Value Added Distributor, ITS is authorized to sell, install and maintain AMP Netconnect Structured Cabling products in the Libyan market.

ITS has a team of engineers and technicians with expertise in designing and installing the range of structured cabling products and systems provided by AMP Netconnect.

AMP Netconnect wishes to stress that it works closely with International Technology Services Limited (ITS) to determine the "Best of Breed" solutions for each client requirements.

AMP Netconnect commends International Technology Services Limited (ITS) for integrity, diligence and concern that it invariably demonstrates in respecting and supporting the interests of our mutual clients. AMP Netconnect is pleased to contribute to respecting and supporting those same interests.

At AMP Netconnect, we believe that any design offered by International Technology Services Limited (ITS) will be considered by your goodselves as providing a cost effective, imaginative, engineering solution that incorporates products and systems from AMP Netconnect and integrates them with robustness and future-proofness that cannot be equalled.

If you require further information regarding this partnership agreement, please feel free to contact the undersigned at AMP Netconnect.

For and behalf of AMP Netconnect

Jérôme Cousin
Area Director
